

Corporate Profile

ABOUT LEGONET

Founded in 2021, LEGONET is a one-stop auto technology specialist. As a VESA-approved authorised aftermarket fitment centre, we offer vehicle tracking, car alarms, car audio, window tinting, towbars and other accessories.

We believe that a car is more than just a car – it is an extension of your personality. That is why you should fit the best because you deserve up-to-date technology.

When customers bring their vehicles to LEGONET, they can rest assured that we only fit products from leading brands, including Kenwood, Pioneer, Sony, Tracker, Klingshield, Bosal, Thule, Vibe, JBL, MTX, Kicker and Rockford Fosgate.

Our Services

Anti Smash And Grab Window Tinting

With smash-and-grab theft on the rise, LEGONET can help keep you and your passengers safe by installing our anti-smash-and-grab window tinting.

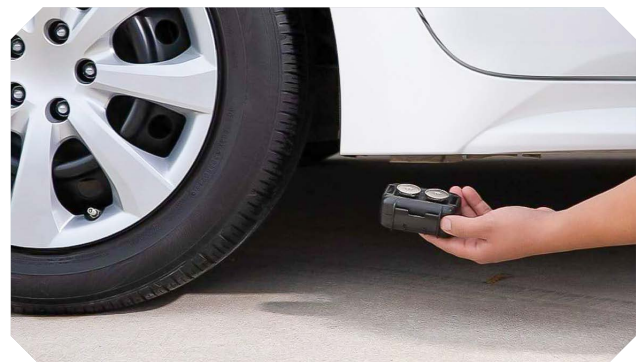

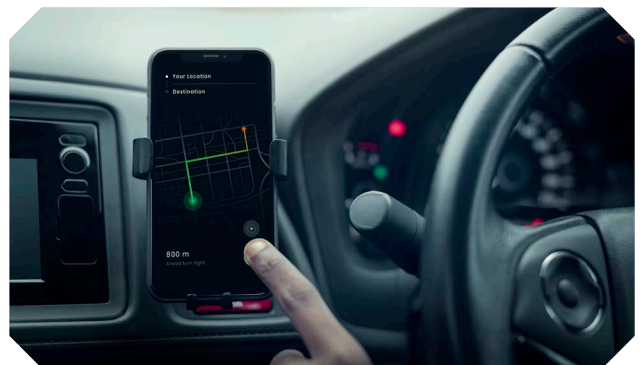

It has 99% UV protection, which helps prevent the dashboard cracking and upholstery fading. Glare reduction helps keep your car's interior cool in the summer heat.

Our optically clear and distortion-free window tinting gives you more privacy and enhances your vehicle's appearance. Professionally installed and guaranteed not to fade or peel!

Vehicle Tracking

As a trained team of security experts and an authorised partner of Matrix, Beame and Tracker, LEGONET advises customers on tracking solutions that best suit their needs.

Whether it's a new installation that meets your car insurance requirements or the upgrade of a tracking device, LEGONET is your fitment centre of choice!

Car Alarms

When it comes to vehicle security, prevention is always better than cure. If you have ever gone outside only to find an empty parking space, then you'll know the sinking feeling that comes with being the victim of vehicle theft.

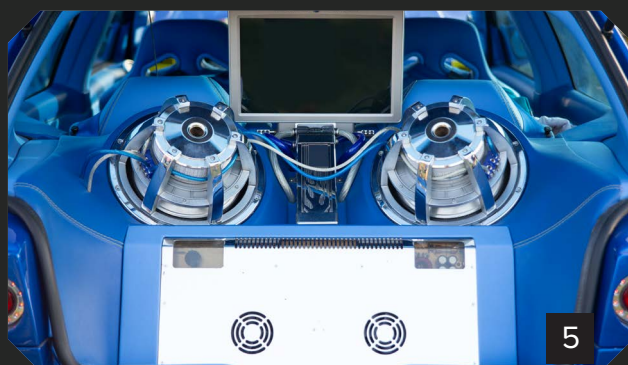

LEGONET has the solution! We offer professional installation of the most advanced car alarms, immobilisers, central-locking and anti-hijack systems on the market!

Car Audio

The importance of a quality car audio system cannot be underestimated. A premium car entertainment system can make your daily commute or long holiday drive feel like a stroll in the park!

As a leading car stereo retailer and fitment centre, we offer only the best brands including Sony, Kenwood, Pioneer, JVC and JBL. So whether you need a CD or Bluetooth car radio, amplifier, subwoofer or more powerful speakers, LEGONET has the widest range at the best prices.

Towbars

A towbar is a must-have accessory that adds versatility and enhances the look and safety of any vehicle. LEGONET is an approved fitment centre for leading brands Thule, Artav, Bosal and Brink.

We offer installation of high-quality towbars, nudge bars, bull bars, roll bars and side steps that meet international safety standards.

Our team of trained technicians can advise you on towbars and accessories that suit the make and model of your vehicle.

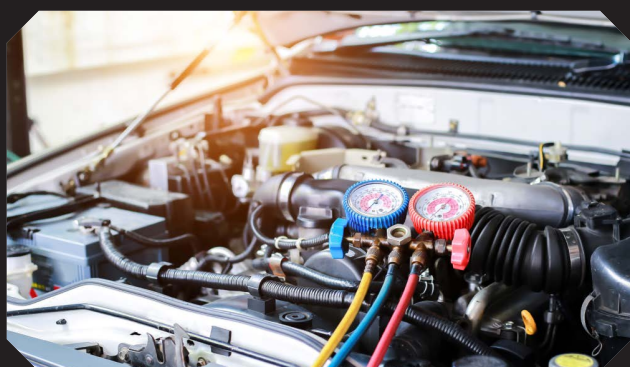

Air Conditioning

High-quality vehicle air conditioning is essential in the scorching summer heat.

As an approved fitment centre, LEGONET offers installation, repair and re-gassing of all brands of car air conditioner. Now you can reach your destination feeling cool and refreshed.

Add window tinting as an extra layer of protection to really beat the heat!

Vehicle Wrapping

Stand out from the crowd with a custom vehicle wrap from LEGONET. Nothing says "individual" quite like a stylish vinyl wrap (street cred is included in the price)! Choose from our range of vibrant colours and patterns – we'll do the rest.

A professionally installed wrap that is well maintained can last for up to five years. It can even help protect your vehicle's paint from chips and dings.

Now that's a worthwhile investment.

Vehicle Accessories

Treat your pride-and-joy to a stylish and functional car accessory. A quality vehicle accessory could improve your driving experience, enhance your car's look and raise its resale value. Choose from our huge range of vehicle accessories... with new items regularly being added. Be wise. Accessorise.

- Rear view cameras (parking just got easier)
- Handsfree car kits
- Cruise control
- Spotlights
- Dash cameras
- Dash covers
- Seat covers
- Smartphone mounts
- Portable jump starters
- Bluetooth car kits
- USB car chargers
- Blind spot mirrors
- And much more...
